EVERY HOME A HOSPITAL Female Diseases have become so general and so many women suffer at their monthly periods, and with whites, falling of the womb, ulriods, and with whites, falling of the womb, ul-cerations, ovarian troubles, etc., that almost every home has a sufferer. The thousands of women who have been relieved of their misery by the use of G. F. P. proves conclusively that it is the medicine for ailing American women. Mrs. Ollie Friday, Worth, N.C., writes of G.F.P. "I have been afflicted with displacement and ulceration of the womb for four years, and three years of the time was confined to my bed. I was treated by eight doctors without success, and was then taken to our State Hospital, but the doctors there told my husband and myself that they could do nothing for me and I could not live. I was only a frame of bones, I could not turn myself bed, and life was kept in me with a little boiled milk each day. My husband had spent nearly all his earnings trying to have me cured, but I was still a wreck. I then began taking the O.F.P. Treatment, and I thank God that I did so. I have taken G. P.P. and St. Joseph's Liver Regulator regularly for about four months and now I can walk about the house and do some light work." Now, when a medicine makes a cure like this don't you think we have a right to be proof of the work we are dolog? Nearly one hundred thousand cures convinces us that you, too can be benefited. G. F. P. can be had from your druggist or dealer at \$1 a bottle.
